

Search API

The power of Apache Lucene™ available as an API

[More... \(/search-api\)](/search-api)[Test online \(/signup.xhtml\)](/signup.xhtml)

This fully managed service exposes the search features of Apache Lucene™ over a REST/JSON API:

- A comprehensive set of Search API
- **Full text** search, **boolean search**, range searches, **faceting**, highlighting
- Unlimited **support**
- **Free trial**: no credit card required, no commitment
- Fully **scalable** with a **simple pricing** model

OpenSearchServer

The open-source enterprise class
search engine software

[Download \(/opensearchserver#download\)](/opensearchserver#download)[Test online \(/signup.xhtml\)](/signup.xhtml)

Unlimited

Search

Indexing

Integration

Parsing

Crawlers

- A full set of **search** functions
- Build your own **indexing** strategy
- A fully **integrated** solution
- **Parsers** extract full-text data
- The **crawlers** can index everything
